The Heart of Worship
Written by Matt Redman

```
C                    G                           Dm7
When the music fades, all is stripped away,
                 G
And I simply come
C                    G                           Dm7
Longing just to bring something that's of worth
                          G
That will bless Your heart

   Dm7                  C              G
   I'll bring You more than a song,
            Dm7
   For a song in itself,
                 C              G
   Is not what you have required
Dm7             C              G
You search much deeper within,
                        Dm7
Through the way things appear
                 C              G
You're looking into my heart

C                              G
I'm coming back to the heart of worship
   Dm7
And it's all about You
      F        G        C
It's all about You, Jesus
                          G
I'm sorry, Lord for the thing I've made it
         Dm7
When it's all about You
      F        G        C
It's all about You, Jesus

C                    G                           Dm7
King of endless worth, no one could express,
                 G
How much You deserve
C                    G                           Dm7
Though I'm weak and poor, all I have is Yours,
                 G
Every single breath
```

REPEAT CHORUS
